

**LIFE IS A
COMBINATION
OF MAGIC
AND PASTA!**

An Indo Italian Venture, jointly promoted by Rustichella d'Abruzzo of Italy & The Goyal Group of India, Gustora brings to India, the authentic Italian dry pasta. Dedicated to quality, Gustora has become the monopolist producer of the most premium pasta in India. By using the traditional artisan pasta-making process, bronze dies and slow drying process, Gustora pasta carries the true Italian taste and aroma of wheat, along with a rough, non-glossy surface for better absorption of sauces. Sensitive to Indian preferences, it is 100% eggless, doesn't get sticky for hours after boiling and retains its shape. It has high gluten content (protein) which makes it healthy and fat free too. Being traditionally made from durum wheat semolina (and not 'maida') Gustora pasta is increasingly making its way into Indian households.
